New Campus Minister Checklist

The following is a step by step list to help you get started as a Campus Minister at the University of Richmond. This list will take you through all of the necessary paper work for Human Resources, the Office of the Chaplaincy and other campus departments.

The Office of the Chaplaincy will notify Human Resources that you are an incoming Campus Minister. You will then be given paperwork to complete for a background check, required of all university personnel and volunteers, and non-employee information form.

Once the background check is complete, your campus ID # will be assigned by HR and will be sent to the Chaplaincy. You will receive an email letting you know your ID # has been established.

Go to One Card Services (Heilman Center, next to the Post Office) to get your official campus ID card. Take your ID# with you. Visit http://onecard.richmond.edu/ for more information.
